June 14, 2018

To the Board of Directors of the Las Gallinas Valley Sanitary District,

The management staff of the District is pleased to present to the Board the 2018/19 Revenue, Operating and Maintenance Expense, Debt Service, Reserve Funding, and Capital Outlay Budgets for review. These budgets reflect the District's progress in the five year capital improvement plan adopted by the Board in June 2015 for the 2016 through 2020 fiscal years.

Operating Revenue is expected to increase by \$462,050 primarily from a \$31 increase in the sanitary sewer service charge from \$867 to \$898. Interest income is expected to decrease as funds are expended on capital projects as discussed below.

Operating and Maintenance costs are expected to increase over the prior year budget by \$112,010 or 1.76%%. Staffing levels are projected to increase by one full time equivalent. Staff has also budgeted for overlap between an interim and a permanent General Manager. Repairs and maintenance in FY2018 included two larger projects which will be completed prior to FY2019 resulting in the budget decreasing by \$191,950; funding for the lateral assistance program will increase by \$21,900 as repayment funds are reinvested; and legal costs are budgeted to decrease by \$130,000.

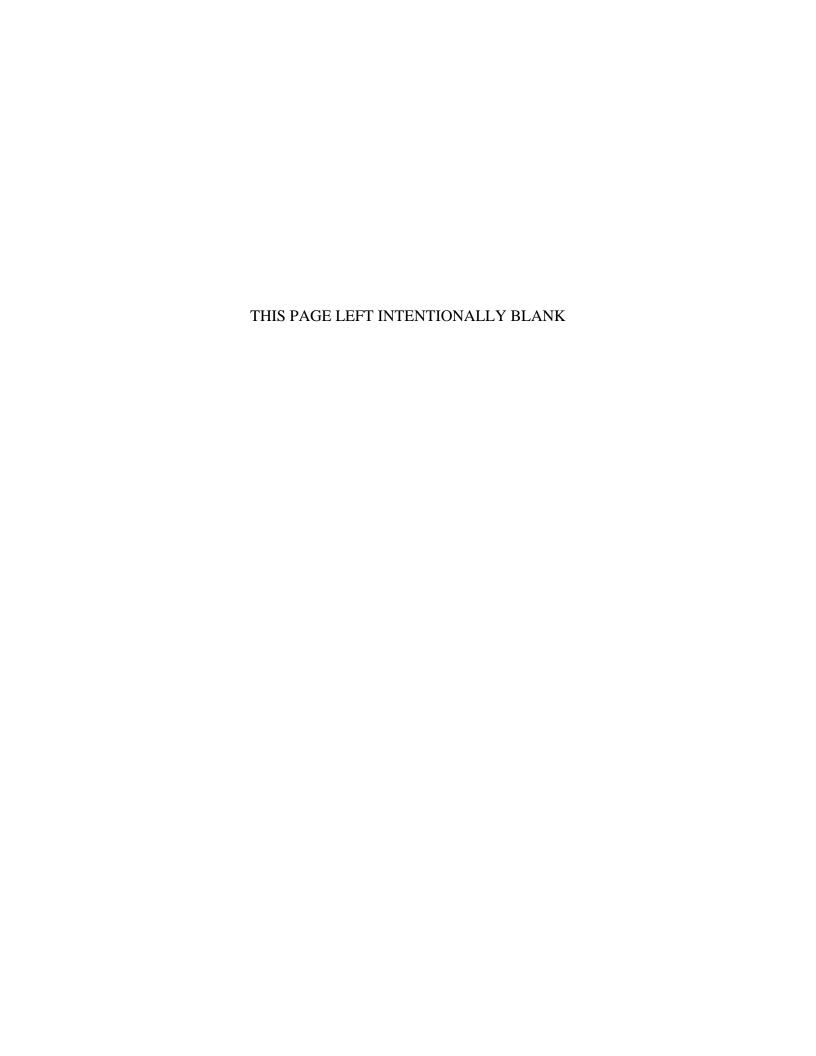

Reserve funding is decreasing as funds collected in the rate for the Treatment Plant Upgrade, Recycled Water Treatment Plant Expansion and Operations Control Center Building project debt service is utilized for that purpose.

Debt service requirements are \$3,990,000 for prior year debt including the 2017 Revenue Bonds.

The Capital Outlay effort for 2019 will be focused on the Secondary Treatment Upgrade and Recycled Water Expansion projects; however other equipment purchases, major repairs, planning for future projects and accumulation of funding for large projects will continue.

Sincerely,

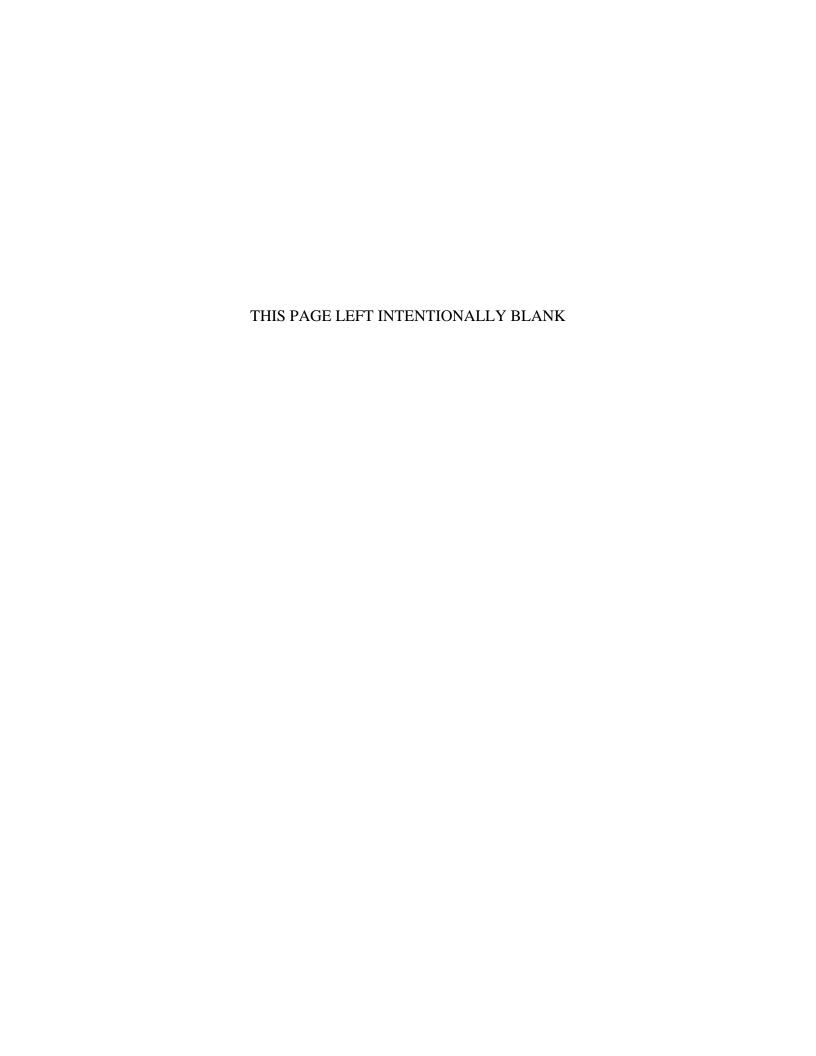

Susan McGuire, CPA Administrative Services Manager Chris DeGabriele, PE Interim General Manager
